REMARKS

Applicants claim listing indicates that claims 1-30 are pending in the application. Please cancel new claims 23 - 30. After entry of the amendment, claims 1-22 are pending. All claims that were not present in the originally issued patent have been cancelled, leaving only those claims originally issued. Claims 1, 7 and 17 were amended twice in the course of reissue, and are so labeled herein. No amendments have been made to these claims in this response.

OATH/DECLARATION

The Patent Office stated that the reissue oath/declaration filed with this application is defective as not in compliance with the requirements of 37 CFR 1.175(a)(1) and MPEP § 1414. A substitute Reissue Oath/Declaration is supplied herewith. This document specifically identifies the error: failure to include a surfactant in the independent claims. Applicants respectfully submit that this Reissue Oath/Declaration is in full compliance with 37 CFR 1.175(a)(1) and MPEP § 1414.

CONCLUSION

It is respectfully submitted that with the canceling of claims 23-30, and submission of a new Reissue Oath/Declaration, this reissue application is in condition for allowance. Applicants respectfully request reconsideration. Any comments or questions regarding this amendment should be directed to the undersigned.

Respectfully submitted,
/Mary K. Cameron/
